

Bosch Building Integration System (BIS) Access Control Integration

Boost your Bosch BIS Access Control System with Visual AI

Create a safer and better access experience in your facility

Easily integrate Oosto's Touchless Access Control with your existing Bosch BIS* system and camera infrastructure to utilize Oosto's unique AI technology. The system's intelligent vision capabilities ensure that your facility is safe while easing your building access operations at all times.

Take your Bosch BIS to the Next Level

1

Rapid and reliable deployment.

Integrate easily, keeping your existing Access Control and hardware infrastructure.

2

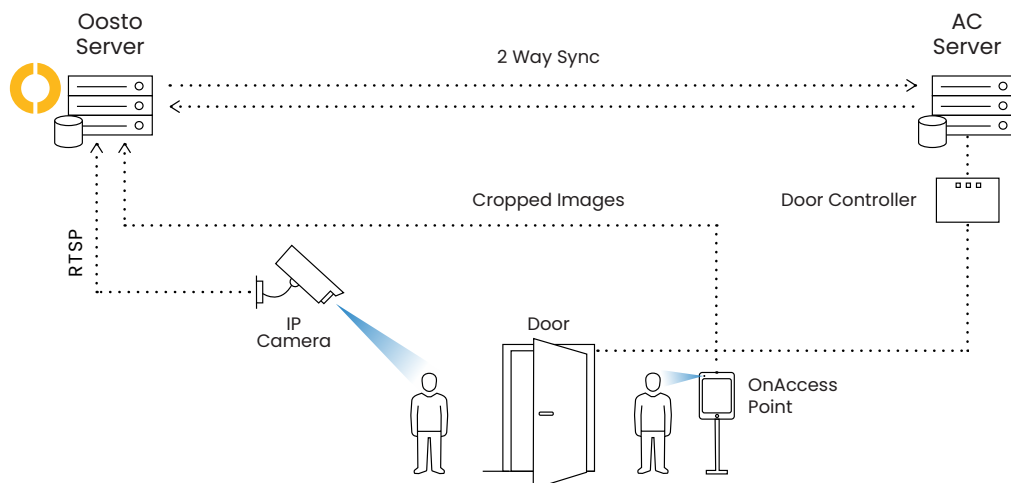

Frictionless recognition.

Unlock doors directly through the AC management system with recognition software that identifies a person instantly.

3

Personnel import and export.

Import and export all Personnel from Bosch BIS to Oosto, including group import.

For more information please contact us at: info@oosto.com

*Bosch BIS v4.7 and v8

Oosto does not offer, sell or make available any of its products or services to customers in the EU for the use of real-time remote biometric identification systems in publicly accessible spaces for the purposes of law enforcement or any of the other prohibited AI practices as outlined in the EU AI Act.
